FOBUS

ON YOUR SIDE

THE FOBUS STORY

SINCE 1978

The brand 'Fobus' was established by the late Mr. Chanan Har-Shen in 1978, starting out with leather holsters. At the turn of the Millennium, Fobus International Ltd. was the first holster maker worldwide to introduce mold-injected polymer holsters into the market, contributing greatly to the holster & firearms industry.

Today, Fobus International is Israel's largest manufacturer of holsters, magazine pouches and accessories for small arms. Fobus products are used by police, security, SWAT, anti-terrorist teams and gun owners in Israel, Europe, United States and worldwide.

Fobus holsters and pouches feature passive & active retention systems, and enjoy these advantages:

- Contoured for maximum comfort
- Combat proven
- Made of high density polymers (not Kydex)
- Extremely low profile
- Not sensitive to high/low temperature or wet conditions
- Completely washable
- Firmly hold your firearm in place and allow quick holstering and re-holstering (one-handed)
- Lifetime warranty

Fobus holsters include a number of product series, all detailed in this Catalog.
